GARDEN CHRYSANTHEMUMS

AMELIAMUM-each 35¢; three \$1.00; dozen \$3.50

Less than three plants of one variety
take the each rate.

Hundreds of visitors to our Chrysanthemum Show this fall stopped and gazed in spellbound wonder at the beauty of the large beds of Ameliamums in all colors. The Ameliamum is a dwarf, cushion like plant of vigorous habit that starts to bloom very early in the fall, and is literally covered with hundreds of blooms.

BRONZE KING, deep bronzy-salmon with a suffusion of rose. Very Showy! Height 10 inches.

PIGMY GOLD, clear golden yellow, remarkable for brilliance and intensity. Height 12 inches.

PINK BEAUTY. The original wonder 'Mum. Flowers are deep pink, changing to a cheerful lighter shade with creamy centers. 10 inches high.

SANDRA, bright crimson-red flowers. This is New!
about 10 inches high.

SNOW WHITE. Like Pink Beauty except that the flowers are white, changing to a shell pink.

-----*****-----

FIFTEEN OUTSTANDING GARDEN VARIETIES.

25¢ each; three for 70¢; dozen for \$2.50.

Less than three plants of one variety
take the each rate.

CRIMSON SPLENDOR. Rich crimson-garnet flowers of very large irregular formation. Season is early, 15 in. high. Flowers are single.

EARLY BRONZE. Remarkably early deep bronze pompon. One of the most satisfactory sorts grown. Flowers double, height 24 inches.

FLASHLIGHT. The outstanding dark red. Large rather shaggy double flowers with petals of brilliant red. Very early, 28 inches high.

GLOTERO. The most prolific pompon we've seen. Bright bronzy-orange in color. Season early, height 24 inches.

JEWELL. You'll love it! Flower lovers, almost without exception say it is the best pompon we have. Ball shaped, lilac in color. Mid-season, height 30 inches.

LOUISE SCHLING. Single red variety, having three rows of glowing salmon and coppery-red petals. Season early, height 30 inches.

NATOMA. A fine bright pink with a slight undertone of magenta. Large fully double flowers. Midseason, 18 inches high.

NICOB. Single daisy-like flowers over $2\frac{1}{2}$ in. in diameter of clear glistening white. Season early, height 18 inches.

PINK LADY. The best fully double bright pink. Excellent for cutting and long lasting. Season is early, height 18 inches.

SAPPHO. Excellent pure yellow daisy-like blooms cover a compact dwarf plant. Very early, 18 inches high.

SEPT. QUEEN. Large, double, pure white flowers borne in great profusion on dwarf plants. Season very early, height 18 inches.

SUNKIST. An exceedingly brilliant orange double flower on dwarf bushy plants. Season early, height 18 inches. Blooms profusely.

TASIVA. A good double white with creamy centers.
Season early, height 18 inches.

VENUS. Large, duplex flowers with 3 rows of petals
on long, stiff stems, Old rose, season early,
height about 30 inches.

VESTA. Deep golden orange flowers, similar to
Venus. Season is early, 30 inches high.

faded blooms are an even prettier shade than
when they first open. Season early, height 30 in.

DEANNA. A unique and pleasing combination of
salmon buff and golden bronze. Small pompon
type blooms on dwarf bushy plants. Season is
early, height 12 inches.

KING MIDAS. Large, double flowers of a lovely
soft yellow, with rich bronze tinting. One of
the best for cutting. Early, ht. 30 inches.

MANANTICO. Deep rose flowers are semi-double, show-
ing a small yellow center. Neat plants about
15 inches high. Very early.

OHIO GOLD. Large double yellow flowers borne in
great profusion on sturdy plants. Season is
very early, height 24 inches.

ROSEGLOW. Semi-double rose-raspberry blooms borne in tremendous quantities on slender gracefully branching sprays. Season early, height 20 in.

SARANAC. Our best double bright yellow. Stiff stems and good foliage. Very free flowering. Season is early, height 18 inches.

SILVER TIPS. Fully double large flowers of bright amaranth-pink with a silver sheen that brightens to a silver tip on each petal. Our most popular variety. Season early, height 18 in.

We hope that you have enjoyed looking through this price list, that marks our seventeenth year of growing and selling trees and plants. We wish to thank all our customers for their past patronage and we hope our products and service will merit their continued patronage. We are proud of the complete line of Nursery Stock that we grow and because it has been impractical to publish an illustrated catalog we are issuing this price list of our complete line. We hope you will like it and invite your inquiries on any items that you want more complete descriptions of. You are always welcome at our Nursery where we have specimen plants of all varieties for your inspection.

Our plants are sold under our usual terms of sale as follows:

All plants are guaranteed true to name and to be in strong healthy condition when packed. All plants, except evergreens, sweet cherries and small fruits will be replaced at one-half purchase price if they fail to grow the first year. (NOTE. see exception on page 5).

Buyer is to pay transportation charges. Be sure to allow postage, any excess will be returned with goods. The new low rate express charges make express best method of sending large shipments.

Unless you specify shipping date we will use our best judgment as to proper shipping time.

Michigan customers please add 3% Sales Tax.

Our business, as our name implies, is the production of fruit as well as nursery stock and our original nursery enterprise was the production of fruit trees. Our present crop of "Sturdy Root" fruit trees is the finest we have ever grown and will add to our long list of satisfied customers next spring. If you are planning to plant an orchard be sure to write at once for our special price list of Fruit Trees for Orchardists. "Sturdy Root" brand trees cost no more but are definitely superior.
